Visa

The Australian Internships Program has been approved by the Department of Immigration and Multicultural and Indigenous Affairs for the Special Program 416. Visa processing time can take 4 to 6 weeks depending on the time of year. Please be aware that we recommend that you do not book your flight until you have received your Visa approval.

Insurance

Australian Internships can provide all participants completing an Internship with Medical, Accident, Travel and Personal Liability Insurance for the duration of their internship.

Homestay and Airport Pick Up

Homestay and Airport Pick up may be arranged in all major locations throughout Australia. Although prices differ from city to city, generally they are always affordable and a great way to experience the real Australian Culture. 4 weeks advance notice is required for all homestay bookings.

Cambridge Certificate

Cambridge International Examinations provide International students with an independent assessment of their language skills in the workplace. This comprises of a non exam based written application for either the Standard or the Advanced certificate which is assessed by the examination board. A certificate or Diploma according to the level applied for is then issued.

The benefits of taking the Certificate of Work Experience for international internship students is enormous. Firstly, it provides independent assessment of your language skills in the workplace without you having to take a language course followed by examinations. Secondly, it proves your language and professional skills are proficient enough to successfully complete an internship in the international market and finally is attractive to future employers when demonstrated on your CV.
